

COMPACT SERIES SOHO SERVER CABINETS

The sleek and robust Compact Series SOHO Server Cabinets are specially designed for the small office, home office or IT professional who wants better than just “good enough”. The small profile cabinet easily rolls under a work surface, tucks away in a closet or squeezes into the places where full size cabinets cannot. Need a desk top solution? Simply remove the casters and it can be set on any flat surface. The low profile Compact Series SOHO Server Cabinets are perfect for any environment.

- Adjustable cage nut style rails
- Includes fan and casters
- 28” maximum mounting depth
- 19” EIA 310-D compliant
- Made in the USA
- Limited Lifetime Warranty

FEATURES

Quality Enclosure - The quality construction provides a dependable cabinet to store expensive equipment and devices.

Mobility - Included caster kit creates a mobile racking system perfect for home, small office or studio environments.

Adjustable Rails - Universal cage nut style rails can be adjusted from 3” to 29” deep to accommodate various depth equipment.

Cooling/Ventilation - Vented side panels and include 78 cfm fan promote air flow and prevent hot spots.

Cable Routing Slot - The 10” x 2.25” cut out on the bottom rear of the cabinet provides a cable entrance point for network, telecom, and/or power cables.

Lift-Off Front and Rear Doors - Unique hinge system allows the front and rear doors to be easily removed when installing or performing maintenance on equipment such as servers, network switches, battery backups, and more. (Does not apply to cabinet without doors.)
